There has been considerable sickness among the pupils attending school in the rooms

There has been considerable sickness among the pupils attending school in the rooms rented in the Memorial church, corner of Fourteenth and M streets, and it is alleged by some of the parents that it has been caused by sower gas escaping from the closets located in the basement. In consequence, Superintendent Wilson has requested the health office authorities to examine the premises with a view to having such defects, if they exist, remedied, and the examination will be made to-day.

Good Friday's Snowstorm

ing, and in a couple of hours the first sprites had thrown a mantle of crystal loveliness over the trees and plants of the city fully as beautiful as the robe with which spring de-lights to invest them. The soft gray hue of the skies harmonized the elements of the scene and were the appropriate background of the picture. While all the parks and streets of the city were decorated, as if by trolls and elves and jotuns, for a midwinter frolic, the Smithsonian grounds atood out in supreme loveliness. Approaching from the north the spectacle was one of enchanting beauty. The leafless trees, among which only the silver poplar was beginning to bud, stood up like crystal statues, quaint, picturesque, and chaste. The budding brauches of the poplar hung down in fluffy curves of arabesques. The delicate filaments of the elm foamed in fliagred crystal against the soft gray sky. The glossy green of the holly, the conord emerald of the larch, and the the dark, strong, graceful forms of the white pine lent the charm of variety to the snow-tipned. the charm of variety to the snow-tipped, frost-crowned branches of the decidma. At every step through the grounds a new visitor of beauty, bewildering and enchanting, burst of beauty, bewildering and enchanting, burst in its pearly glorics upon the eye. To the south the warm hues of the institute con-trasted richly and pleasingly with the opal-escent grays of the sky. Every tree was a work of beauty, every shrub gleamed in the softest of glitters, every plant and bush stood out as incidents in a picture of fairy frostwork that charmed and riveted the gaze.

The Emancipation Celebration.

The committee on military met last evening for the purpose of perfecting their arrangements for celebrating the coming emancipation day. Capt Chas. B. Fisher was elected chairman, and Capt. Thomas S. Kelly secre-tary. The committee resolved to invite all colored military organizations of Baltimore, Philadelphia, Richmond, Norfolk, and Fred-

erick to participate.

The committee on arrangements and speakers also met and reported progress. Col. P. H. Carson, chief marshal, reported that from the responses of the civic organizations the next celebration bids fair to be the grandest ever given by the colored people or massel ever given by the colored people on emanci-

> DERMATOLOGY: A LIFE SPECIALTY, BY DR. J. VAN DYCK DERMATOLOGIST.

08 Eleventh street porthwest, Washington, D. C.

SYMPTOMS OF SKIN DISEASES, Cold weather skin diseases (prurigo, intense itching) begins at hight as soon as the clothing is reserved, and is increased by the warmth of the bed. Where a paroxyam of the itching comes on you test that you must scratch or go wild. There is no croption but that caused by scratching. It is worse from the waist to the ankies—affects both sexes after the age of 30.

Crusty Tettor,—The skin becomes inflamed, tender, and small blisters form, burst, and furm moist, yellow crusts; is accompanied with heat, itchniess, and pain; breaks out on the backs of the hands and fingers, scalp, face, behind the ears, joints, and various parts of the body.

White Scaly Tetter.—The akin becomes dry tracked, and scaly; affects the scalp, elbows, knees, inhs, body, evebrows, and beard. Sometimes the en-ire body is affected with this amonging and distress.

Palmar Tetter,—The palms of the bands become dry, hard, thickened, flasured, crackes, painful, and sore. The same condition often affects the finger and soles of the feet.

Scaly Scalp Tetter.—The scalp becomes tender, itchy, and covered with thin, fine, white scales, which form again as fast as removed. If allowed to continue it makes the hair thin, harsh, dry, fade, and turn prematurely gray. Lepra.—Circular, white scaly apots appear upon the elbows, knees, arms, scalp, and body. These spois vary in size from a pit pest to an ordinary sized acc. Cr. This is a lifetime disease unless thoroughly eliminated from the system.

The above and every form of skin disease, every complexion and hair blemish, defect, deformity, and discoloration permanently cured by Dr. Van Dyck, Dermatologist, 705 Eleventh street northwest.

The operation of electrolysis in the permanent re-moving of superfluous hair skillfully performed by Dr. Van Dyck. COMPLEXION BLEMBHES.

Complexion Biemishes (Acme).—Symptoms: white or red inflamed pimples form on the foreless, cheeks chin, nose, back, and breast: affect both sexes. Comedones.—Symptoms: The pores of the fore-head, cheeks, and nose become filled with a white-se-baceous substance, capped with black specks, is often associated with an oily condition of the skin; s exceedingly amonying, and affects both sexes.

Liver Spots—Are yellowish, brownish, dirty, mud-dy-looking spots on the forehead, extending to the hair, on the checks, and sometimes on the breast and hands. Liver spots are frequently associated with general sallowness of the face; mostly affects ladies between the ages of 25 and 49.

Redness of the Nose.—The nose becomes red and flushed from the least exciling cause, exposure to heat or cold, the use of alcoholic liquors and wines, anger, and so forth. At times there is great best in the nese. At first this redness disappears, but finally it becomes chronic. The velus become enlarged, and the sufferer is obliged to carry the sign of intemper-

Freckies, Wrinkles, Moth, Tan, Sunburn, Sallow-ness, Coarse, Deep Pores, Moles, Birthmarks, are an-noying complexion blemishes and discolorations, all of which readily yield to proper dertamological skill.

Owing to the demand for his services in other cities, hereafter Dr. Van Dyck will be at his Washington office Monday, Tuesday, and Wednesday of each week only; hours, 9 a.m. to 7 p.m. Hereafter no one can be treated without a positive engagement. Nearly every hour from 910 21s engaged for six weeks ahead, so new parties will please call after 2 p.m. either of these three days.
